A diagram of the trackage of the former German Army ration supply depot in Rathenow-Nord was obtained. The installation is now used as a Soviet ammunition depot. The poor condition of the trackage endangers railroad operations and repair work to the amount of 1,240.80 DM-east will be necessary. The repair work is scheduled to be started in June 1951. *

25X1A * Comment. For diagram of trackage, see Annex. The former German ration supply depot in Rathenow-Nord has been used by the Soviets for the storage of ammunition since the summer of 1950. See .
